SOUND BARRIER (S3B)

Suitable for a
wide range of
applications

Quality assured
performance
and reliability

Simple
installation and
integration

**YOU'VE BLINDED
THEM WITH SMOKE,
NOW DEAFEN THEM
WITH NOISE**

The Smoke Screen Sound Barrier range provides an incredible complement to the Security Smoke Generators. Upon activation an intolerable wall of sound is created forcing any intruder to leave the area.

As with our entire range of security systems, the effect produced is perfectly safe. Additionally, the design of the S3B allows it to be unobtrusively installed in even the most contemporary of environments.
